

Direct Debit/Credit Card payments fee increase

Due to the increased costs associated with direct debit/credit cards (of which the AMIEU has never passed on to members) the AMIEU Committee of Management resolved to increase the direct debit/credit card dues (to be in line with payroll deductions) over a three (3) year period. The only union dues which will attract a discount at the end of this three (3) year period will be upfront 12 and 6 monthly payments.

This means that on the **1 January 2020** the first increase will take place. Below will be the union dues applicable as of **1 January 2020**:
